

# SHAVANA GREEN

“

*I am a Boston based interdisciplinary artist & designer who values the physical, cognitive, cultural factors that contribute to conceptualizing and executing transformative design solutions. My work seeks to investigate and create carefully orchestrated overlapping systems of information to visually communicate ideas.*

## PROFESSIONAL EXPERIENCE

### FREELANCE + CONTRACT GRAPHIC DESIGNER

BOSTON, MA | 2021-CURRENT

+ I provide traditional and non traditional professional graphic design services such as, layout design, storyboarding, presentation design, print design, custom digital illustration, typography, logo creation, production file management, and all aspects of 2D and 3D experiential graphic design and fabrication.

+ I collaboratively streamline complex problems into workable solutions, supporting both collaborative and independent work styles. Through various forms of collaboration, I conceptualize and execute strong design that continues to push design forward and beyond.

### GRAPHIC DESIGNER (EXPERIENTIAL + TRADITIONAL)

SASAKI BOSTON, MA | 2021-2024

+ Successfully Interfaced across offices to conceptualize and develop wall graphics, branded environments, signage and wayfinding solutions, brand guidelines, and art installations for PepsiCo, Frito Lays, Shark Ninja, Harvard University, Toast, Sasaki, and Amherst College, the City of Los Angeles

+ Expertly guided clients through the entire design process from design kickoff through schematic design development, construction documentation, and final installation while diligently formatting production files and overseeing technical drawings, vendor collaboration, and final installation.

### JUNIOR EXPERIENTIAL GRAPHIC DESIGNER

IA INTERIOR ARCHITECTS BOSTON | 2018-2020

+ Creatively developed wall graphics, branded environments, wayfinding strategies, signage solutions, and art installations for diverse clients such as Amazon, iRobot, Draft Kings, Rapid7, Silversmith Capital Partners, Asics, Wayfair, Cloudhealth, Zwiift, Humana, and Paypal.

+ Engaged in internal and client faced meetings: reviewing architectural plans, establishing and confirming site locations, presenting pitch decks, and implementing design revisions from start to finish .

+ Meticulously formatted graphic production files suitable for print and 3D fabrication, oversaw vendor communication & sampling, technical drawings, draw downs, and final installation.
